RACER GIVEN SEND-OFF

George Reis Again Seeks President's Cup

Friends gathered at the Santa Fe Station last night to wish George Reis, 843 South El Molino Avenue, the best of luck in his attempt to win for the third consecutive year the President's Cup Race on the Potomac. Mr. Reis won the national classic in 1933 and 1934.

Mr. Reis will proceed first to Lake George, N. Y., where he will make ready the hull of his famous boat El Legarto. The engine is being made by the Menasco airplane factory and will be shipped to Lake George within a few weeks.

The Pasadenan besides being a contestant for the President's Cup this year will also enter the National Sweepstakes at Red Bank, N. J. The President's Cup Race will be held some time in August.

More than 30 of Mr. Reis' friends were at the station last night and presented a gay scene when the Limited pulled out.

Mrs. Reis did not accompany her husband but plans to rejoin him next month and to remain during the summer races in the East.
